Sum of Discount and Sum of Profit by Sub-Category

Sum of Sales by Segment

KEY BUSINESS INSIGHTS

- Phones, Chairs, and Storage are the top 3 revenue-generating sub-categories
- Furniture category shows high sales but disproportionately low profit — possible pricing or cost issue
- Technology delivers the strongest profit margin among all categories despite moderate sales
- Consumer segment contributes the largest share of total sales (~50%), followed by Corporate and Home Office
- Higher discount levels show a visible negative impact on profit across multiple sub-categories
- Recommendation: Review discount strategy on low-margin sub-categories to improve overall profitability
